

Where I Live: Connecticut Learning Through Places Lesson Plan

RURAL TOWN: LEBANON SIMULATION WORKSHEET				
Your job	Your problem	What you need from the general store and why?	What do you have to offer others for their help?	What you need from your fellow citizens and why?
Orchard Farmer	You own an orchard and your trees need trimming but you can't reach the tops of the trees and your clippers are too small for the branches.			
Livestock Farmer	Your cows keep breaking through the fence and running away, trampling your neighbors' crops. Your neighbors have been complaining!			
Vegetable Farmer	You had a bumper crop of turnips and the wheel and axle of your cart is broken. Without action, your crops will spoil.			
Vegetable Farmer	You had a bumper crop of beets and you need to find a dry place to store them. You need to build a barn but it is too much work for one person.			
Sheep Farmer	Your sheep keep getting soaked in the rain and tipping over from the weight of their wool. You need to keep them dry in the fields!			
Vegetable Farmer	Your plants need water but your well has caved in and you need to dig a new one fast!			
Hog Farmer	Your hogs have dug under the fence and are eating the neighbors' crops! Your neighbors are furious.			
Vegetable Farmer	You need to plow your fields to get seeds in the ground before it's too late but your plow broke on glacial till! You will never get it done in time.			

Where I Live: Connecticut Learning Through Places Lesson Plan

Orchard Farmer	You have harvested your apples but you need to turn your apples into cider before they spoil!			
Vegetable Farmer	Insects have invaded and are eating your crops! You need to either harvest your crops before they are eaten or figure out a way to repel the insects!
